

# Expedited time to results with IQLung™ Treatment Guidance Testing

## Faster Time to Results

### **WHAT IS THE TEST FOR?**

IQLung blood-based testing swiftly provides your care team with the information needed to start treatment as soon as possible.

### **HOW DOES THE TEST WORK?**

Through a simple blood draw, IQLung testing helps your doctor understand your tumor's genetic make-up and how your body is responding to determine the treatment most effective for you.

### **IS IQLUNG TESTING RIGHT FOR ME?**

Designed for any stage of cancer, results can be available by the time of your first appointment to discuss your diagnosis and treatment options.

Biodesix® is committed to making our blood-based tests **available to all patients.**

### **FOR PATIENTS WITH MEDICARE**

Biodesix bills Medicare directly and accepts Medicare payment as payment in full. There is no out-of-pocket expense for covered Medicare patients.

### **FOR PATIENTS WITH MEDICAID**

There is no out-of-pocket expense.

### **FOR PATIENTS WITH PRIVATE INSURANCE**

Biodesix will work with your insurance company directly by filing your claim. Our Colorado-based billing team will file all claims and prepare any necessary appeals on your behalf with your insurance company. Every claim determination results in an explanation of benefits (EOB). This is not a bill.

### **BIODESIX ASSIST™ FINANCIAL SUPPORT PROGRAM**

Biodesix understands the financial impact that health care can place on you and your family. We have a financial assistance program to assist in providing affordable care.

To learn more about the application process, please call our Patient Care team at **1.866.432.5930**.

### **DEDICATED PATIENT CARE TEAM**

If you have any further questions about our testing, please call us at **1.866.432.5930** to speak directly to a member of our Patient Care team.
